

The **Mount Gambier Inclusive Playgroup** has been operating since 2001. It's a place where children and families feel welcomed in a supportive environment.

Children enjoy play experiences and participate at their own pace and developmental level.

The Playgroup provides plenty of information including:

- Parent information sessions
- Visiting therapists and agencies
- Handouts & information sheets
- Ideas for play at home
- Ideas from other parents
- Playgroup SA newsletters

### Who can come?

Families who have children with a disability or delayed development, and families in situations that may benefit from the extra support Inclusive Playgroup can provide.

Children are eligible to attend until they start attending school.

### What is the cost?

No cost to attend, however families may need to pay a small membership fee to Playgroup SA for insurance purposes. You will also be required to fill out an enrolment form but all information will be kept confidential.

### What will my child do at the Group?

Playgroup assistants help you and your child to participate in activities that extend skills including songs, activities and exploration.

Assistants and visiting therapists can also help with any questions or concerns you may have.

### What do I need to bring?

Personal care items (nappy, wipes, hat etc) and a piece of fruit or snack for your child. Tea and coffee is provided. Having fun and learning can be messy so don't wear your best clothes!
